Start: 10/2/2019 2:00:00 PM
End: 10/2/2019 4:00:00 PM
Show Time As: Busy

Recurrence: (none)

Purpose: Meet to discuss how we take a more proactive approach to working together, staying connected and coordinating our reporting, data collection, prioritization and planning efforts with local partners so that we are giving everyone the best products that not only work together, but make it easier and less confusing for all who have to report progress.

Please come prepared to provide an overview (10 minutes each) of the who, what, where, when, how and why of your ideas and projects. From there, we can talk about how we better coordinate our efforts together going forward. There's plenty of room at this big table!

DEP and John Dawes: FieldDocs for county partners, the key partners in this effort.

Chesapeake Conservancy: role in participating in the County WIP process. where the Conservancy has already been supporting planning/prioritization that may pop up in the County Action Plans (like Lancaster & Centre Counties); new opportunities to support planning/prioritization (South Mountain region); and how this fits into tracking and reporting (Field Doc/BMP warehouse).

EPA: Connecting to state reporting
